There are 360 cards included in the Additional Players set for 2025. This includes ninety-one players with total cards based on combined statistics from both the American and National leagues.

Some players will have three cards in the set; an American League card, a National League card and a total card, while other players will have two cards or one card. The number following a player's name in parentheses (x2,x3) indicates the number of cards more than one within the additional players.

| <p>Only pitchers preceded by an asterisk may start once every four games (3 game rest between starts). However, for most realistic play, all starting pitchers should start once every five games (four game rest between starts). We also suggest that all players be restricted to their actual number of at bats or innings pitched, especially players with limited at bats or innings pitched.</p> <p>The number following every pitcher (e.g. -1) is their injury rating. This rating is only used if using the <i>Super Advanced Individualized Pitcher Injuries rule 25.11</i>.</p> <p>In the Advanced game, players who have an error rating lower than the minimum on the fielding chart should use the lowest available rating. For example, a shortstop with an error rating of 3 should use the e7 rating when using the Advanced Fielding Chart.</p> <p>There are six players who do not have team names on their cards.
